## JUSTIFICATION STATEMENT FOR SELECTION

---

**Utah National Guard  
Camp Williams Readiness Center Landscaping Addition  
DFCM Project No. 03202470**

---

The committee resolved to rank the American Civil Constructors (ACC) as the best value team due to the following:

- ACC has very good past performance ratings.
- They have qualified and ample staff committed for the work of the project: two separate work crews with one for the irrigation/seeding and the other for rock/grading/shaping.
- ACC noted several project risks and proposed acceptable solutions to eliminate the risks.
- With one cost reduction that was accepted by the selection committee, ACC's cost proposal is within the project budget.
